

## Selected Specific Expert Witness Experience:

- Sewer System, Backups
- Sanitary Sewage, Stormwater, Overflows, Groundwater
- Flooding, Stormwater, Drainage, Erosion, Sedimentation
- Septic System, Sanitary Sewage, Mold
- Drainage, Runoff
- Backups, Maintenance, Sanitary Sewage, Inspections
- Wastewater Treatment, Overflows, Storage
- Sewer System, Backups, Health and Safety
- Overflows, Pumping, Regulations, Sewer Systems
- Drainage, Grading, Detention Basin, Flooding
- Hydrology, Combined Sewers, Piping Systems, Floodplain, Hydraulics
- Erosion, Sedimentation, Surface Water
- Hydrology, Grading, Sinkhole, Stormwater Management
- Hydroplaning, Hydrology, Runoff
- Infiltration/Inflow, Mold, Sanitary Sewers, Rainfall Analysis
- Flooding, Hydraulics, Floodplain, Standard of Care
- Wastewater Treatment, Pressures
- Contamination, Potable Water, Septic System
- Water Wells, Toxicity, Groundwater, Modeling, Hydrogeology
- Septic System, Surface Water
- Groundwater, Aquifer, Hydrogeology, Spills
- Wetlands, Drainage, Runoff, Siltation, Erosion, Grading
- Wastewater Discharge, Air Quality, Soils
- Hydrology, Flow Metering (monitoring), Combined Sewers, Design, Construction
- Flooding, Detention, Piping, Maintenance, Inspection, Design, Construction, Sinkhole, Dam, Sedimentation
- Wastewater, Pumps, Monitoring, Odors
- Air Pollution, Aquifer, Modeling, Toxicity, Soils, Hydrogeology
- Hazardous Waste, Storage, Regulations, Pollution
- Drinking Water, Wells
- Solid Waste
- Hazardous Waste, Remediation
- Water Quality, Drinking Water
