

Founded in 1988, Heritage serves clients nationwide needing:

- provision of environmental engineering, civil engineering, and hydrology expert witness services, including investigation, analysis, consultation with counsel, and expert testimony
 - analysis of regulations, including concerning compliance and enforcement
 - evaluation of monitoring requirements
 - development of engineering feasibility studies and facility plans
 - acquisition of permits with appropriate requirements and fees
 - provision of project cost advice
-

Chuck Dutill, P.E.

Principal Consultant and Expert Witness

cdutill@heritageservices.com

To discuss your issues, case, or dispute, please contact Chuck Dutill by phone or email. Mr. Dutill typically responds by the end of the next business day if not sooner.

Dawn Grothmann

Administrator and Website Manager
